

PROFILE

I am a MA Feature Film Development graduate with previous experience in a variety of roles on set and in post-production. I am currently London based looking for ways to enter the Film and TV industry. I am very passionate about Film and Television and my ambition is to eventually become a director for features and TV drama. I am currently looking for video editing roles as I am very confident in my skills and ability to elevate stories through my editing. I also have experience shooting multiple styles of video with digital cinema, and mirrorless cameras.

HOBBIES

I am a big fan of fantasy, sci-fi, and supernatural TV shows, movies, and comic books. I would say that most of my time spent consuming media is used watching anime and other animated programs as I believe that animation still has the edge in bringing fantasy and wonder to the screen.

RELEVANT WORK EXPERIENCE

MESS (STUDENT TV PILOT) – CO-WRITOR, PRODUCTION ASSISTANT, EDITOR

December 2019

On this project I worked with another writer to create an interesting story as a basis for the TV Pilot. After which I was a production assistant on set as we had a very small team for this project. I was also the editor on the Pilot, working together with the director to bring his ideas to screen.

AFTER THE END (STOURBRIDGE POP-UP THEATRE PROMO) - DOP, EDITOR

August 2019

On this project I was approached by a friend to film a promo for a play he was putting on in a pop-up theatre he was a part of. I called on another friend to direct, while I took on the role of DOP and editor.
